

# INDIANA SAFE ZONES

## SAFETY TIPS

**REDUCE SPEED** while traveling through Indiana work zones, paying close attention to signs.

**CHECK FOR ANY ROAD WORK** before embarking on your route, and when possible, **USE DETOURS** to avoid construction zones.

*Plan your route with the [INDOT TrafficWise map at 511in.org](http://511in.org).*

Rear-end crashes are common in work zones – **OBEY WORK ZONE SPEED LIMITS, AVOID DISTRACTIONS**, and always **MAINTAIN EXTRA SPACE** between your vehicle and the one in front of you.

When approaching lane closures, carefully **MOVE INTO THE OPEN LANE. PAY CLOSE ATTENTION** to vehicles around you that could be in your blind spot.

**BE PREPARED TO STOP** or slow unexpectedly.
